1. Hanger exterior must be of painted steel or aluminum, in a color approved by the City.
2. Floors must be of concrete, 4" minimum thickness, reinforced with ½" rebar, tied and 16" on center.
3. No floor drains of any type allowed.
4. Eaves and gable ends may be flush or overhang up to 24". Overhangs exceeding 6" must be boxed.
5. Garage type doors on other walls are permitted when the wall backs up to Hwy. 84 or other paved alley.
6. Hangar owner is responsible for asphalt from hangar door to taxiway plus 6' beyond each sidewall and asphalt from alley to any garage door(s).
7. New construction applications must be approved by the City of Longville.

Requests must be submitted to the City Clerk not later than the last day of the month for consideration at the next regular city council meeting (3rd Wednesday of each month). The Hangar Construction Permit fee is \$100.00 (one hundred dollars) and is payable at the city clerk's office. Hangar Construction Permits, annual lease forms, information and rates are available from the city clerk.
